MISSING MAPS: NIGER, GOURE (WEST)

Niger

The Red Cross Red Crescent Climate Centre, Niger Red Cross Society and the French Red Cross, with funding from AFD and Cooperation Monegasque are implementing a project - to build the resilience of agro-pastoral communities in the Zinder region, Niger against food insecurity and nutrition crisis from Drought. Funding from the British Red Cross will support to expand the project. The data contributed will be used to assist in forecasting future disaster impacts, by knowing in advance where is likely to be impacted and its exposure and vulnerability. The information will help implementation of early action activities in response to a forecasted drought, before it occurs, contributing to reduce risk, prepare for
